INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO. Inc., publishers of Southeastern Directories (publishers of the Fayetteville City Directory since 1906), present to subscribers and the general public, this, the 1959 edition of the Fayetteville City Directory, which also includes Bonnie Doone, Drake Park, East Fayetteville, Honeycutt, Lakedale, Lafayette Village, Massey Hill and Myrtle Hill.

Confidence in the growth of Fayetteville's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville, Bonnie Doone, Drake Park, East Fayetteville, Honeycutt, Lakedale, Lafayette Village, Massey Hill and Myrtle Hill, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community,

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville and vicinity.

The Fayetteville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FAYETTEVILLE

(Courtesy Fayetteville Chamber of Commerce)

HISTORIC FAYETTEVILLE

Fayetteville was settled on the banks of the Cape Fear River at the mouth of Cross Creek in 1739, by Scotsmen, who named the place Campbellton. About a mile from Campbellton on upper Cross Creek a grist mill was built in 1765. A village grew up around the mill, and the trading center which resulted was called Cross Creek. It was thus named because of a phenomenon of nature, two creeks crossing each other practically at right angles, the waters of one running under the waters of the other. The phenomenon later was destroyed by the building of a dam and mill on one of the creeks. In 1778 Campbellton and Cross Creek were united. When the community was incorporated five years later, the town was named Fayetteville, thus becoming the first American settlement to be named in honor of the French General Marquis de Lafayette, who had been of such valuable service to the American Colonies during the Revolutionary War.

On June 20, 1775, more than a year before the Philadelphia Declaration of Independence, 39 Cumberland County patriots adopted resolutions of independence and pledged themselves to the defense of American Liberty. These resolutions were written and signed first by Col. Robert Rowan. The resolutions became known as the Liberty Point Resolves, and the spot at which the patriots met is known to this day as Liberty Point, and it is suitably marked with a plaque bearing the names of the patriots.

The Fayetteville Independent Light Infantry is the second oldest military organization in America, organized in 1793. The first captain was Robert Adam, who died in 1801 and is buried in Cross Creek Cemetery. The F. I. L. I was a member of the noted "Bethel Regiment," taking part in the first battle of the War Between the States, June 10, 1861. Its members have taken part in every war in which our country has been engaged.

A disastrous fire occured in Fayetteville on May 29, 1831, destroying almost the entire town. The loss has been estimated at from $1,000,000 to $1,500,000.

The center of Fayetteville's historic life, the State House, originally was built about 1780. The General Assembly met there in 1788, 1789, 1790 and 1793. There the Federal Constitution was adopted in 1789, and the charter was granted for the University of North Carolina, America's oldest state university. In that same year, land for the State of Tennessee was ceded by the General Assembly. The great fire of 1831 destroyed the building, and the present structure was erected about 1838. This also has been called the Town House or Town Hall. After the War Between the States, it came to be known as the Market House, because meat and produce were sold there under its Moorish arches.

The curfew bell in the old Market House has rung regularly for more than 100 years. It originated as a signal that all slaves must be in their quarters by 9 P. M. If found on the streets without a pass after the curfew, they were lodged in jail until released by their masters. Children were expected to be under the parental roof before the curfew rang. The Market House bell still rings each hour.

The old Cool Spring is another historic spot of early Fayetteville. This spring supplied the inhabitants of part of the town with drinking water. On a marker placed there by the Colonial Dames of America is the old legend that whoever drank from this spring would always return. The Fayetteville Independent Light Infantry held their annual meetings there.

Overshadowing the spring is the Flora MacDonald Oak, where the Scottish heroine stood when she reviewed the Highlanders on the "march out" after they had set up their standard at the Town Square in Cross Creek early in 1776.

In 1838 the U. S. Arsenal was built on Haymount, the ground occupying forty acres. At the beginning of the War Between the States the Arsenal was captured by the Confederates, and here small arms were manufactured. It was completely destroyed by Sherman in March, 1865. One of the two markers there is built with some of the old foundation stones.

Fayetteville has the distinction of having two confederate monuments. The one in Cross Creek Cemetery, erected Dec. 30, 1868, was the first in North Carolina,

and one of the first in the South. The monument on the site of the old Court House on James Square was unveiled May 10, 1902.

Located here is the Confederate Woman's Home maintained by the State and the North Carolina Division, United Daughters of the Confederacy.

First Presbyterian Church

Noted for its churches and church life, Fayetteville and vicinity proudly claim a number of the oldest Presbyterian churches of North Carolina. The First Presbyterian Church, on Bow Street, was founded in 1755 and organized in 1800. The original edifice was burned in the fire of 1831. Its foundation and walls were used for the present structure, which was built and dedicated in 1832.

Three early Presbyterian churches--Longstreet, Bluff and Barbecue--are the oldest in the upper Cape Fear Country. They were organized Oct. 18, 1758, by the Rev. James Campbell, native of Scotland, who is buried on the east side of the Cape Fear River.

St. John's Episcopal Church was organized April 8, 1817, with the Rev. Bethel Judd, D. D., as the first rector. In June of that same year the foundations of the building were laid by the Masonic Order, and the church was dedicated in April, 1819. This first structure was burned in 1831. The present church was soon rebuilt on the old foundations.

Many other outstanding historic spots in and around Fayetteville will appeal to visitors, as well as numerous sites of modern progress. Myrtle Hill, on which the Veterans' Hospital is located, once was the estate of Judge Robert Strange. Remnants of the old Confederate breastworks thrown up during the War Between the States are still visible on the grounds, and also a part of the old canal running along the Cape Fear River.

McNeill's Mill, which until recently stood on the corner of Old and Green streets, was built in 1764, and was in continuous service for 175 years. The Masonic Lodge at the head of Mason Street has records as far back as 1788, and probably was chartered by the Grand Lodge of the Masons of Scotland in 1760. The second session of the Grand Lodge of the State was held here, Governor Samuel Johnston being the Grand Master.

Market House

MODERN FAYETTEVILLE

Location and Transportation

Fayetteville is located at the head of navigation on the Cape Fear River, with an eight-foot channel to the coast. Petroleum products make up the bulk of the freight handled on the river at the present time. In addition, there is some transportation of sand and gravel by barge. Fayetteville is served by three railroads and several motor-freight lines for freight; and by one main-line railroad and three bus lines for passenger service. Air transportation is available at the modern Municipal Airport, with fourteen flights per day. Located on two of the most heavily traveled north-south main highways (U. S. 301 and U. S. 401), Fayetteville is a convenient stopping point for tourists, who find excellent accommodations in the local hotels, tourist homes and tourist courts.

Industry and Agriculture

Over a period of years, agricultural activities have been of prime importance in this section of North Carolina. The biggest development in this connection in recent years was the establishment of a tobacco market in 1946. At the present time there are two tobacco warehouses, where the chant of the auctioneer rings out in all its traditional color during the market season, which lasts for about two months beginning in early August. These local warehouses have a combined total of approximately eight acres of floor space. In recent years, industrial activities have come more and more to the front, and the industrial payroll is now estimated to be about $11,000,000 annually.

Military

Fayetteville is the home of Fort Bragg, one of America's largest and most important military installations. It also is the home of the 82d Airborne Division, "America's Guard of Honor." This division was located at Fort Bragg prior to going into combat and returned to its "old home" covered with glory and honors earned during the struggles of World War II. With the separation of the Air Force from the Army, Pope Air Force Base was established on the reservation, occupying the location formerly known as Pope Field.

Commercial

With the post-war improvement of existing stores and with the addition of new stores, Fayetteville is becoming more and more popular as the shopping center of southeastern North Carolina. Fayetteville has grown in recent years to become the seventh largest city in North Carolina. It is the largest city between Charlotte, N. C., and the Atlantic Coast, and between Raleigh, N. C. and Columbia, S. C. The trade area extends approximately 35 miles north, 50 miles east, 75 miles south, and 70 miles west, and in this area there is an estimated population of 500,000.

Housing and Recreation

Housing and recreational facilities have been provided by progressive programs in both fields. There are 22 municipal parks and recreational facilities including two municipal swimming pools, one for white and one for Negroes. There are two country clubs, with tennis, golf, swimming, dining and dancing facilities. Five regular theatres and seven drive-in theatres furnish entertainment in the motion-picture field. Two U. S. O. clubs provide recreational facilities for service men and their families. Other recreational facilities include bowling alleys and skating rinks. Several nearby ponds and lakes furnish quiet recreation for those who enjoy fishing. Large and small game provide excitement and recreation for the local and visiting nimrods.

Government

Fayetteville is the county seat of Cumberland County. The county is governed by a Board of Commissioners, and the city has the council-manager form of government. The five-man Council elects one of its own members as Mayor.

Utilities

Urban bus service, telephone service and gas are furnished by private companies. Water and electricity are furnished by the Public Works Commission, except that large consumers of power are permitted to deal directly with the Carolina Power & Light Co. The municipally-owned modern filter plant has a normal capacity of 5,000,000 gallons per day, but this can be increased 50% without undue strain. In addition, an older plant with a capacity of 3,000,000 gallons per day is maintained for emergency use. The source of water is springs arising from adjoining sand hills, and three lakes are used as reservoirs. These lakes have a storage capacity of 320,000 gallons. Two elevated storage tanks have a capacity of 1,000,000 gallons each, and a clear-water reservoir has a capacity of 1,500,000 gallons. The water plant is surrounded by a veritable garden, with rolling green lawns, flowering plants and evergreens. Glenville Lake mirrors the surrounding cypress and tall pine trees in a peaceful setting. Water pouring over the spillway creates a sparkling waterfall which flows among the rocks, between lacy green weeping willows, and hundreds of multicolored azaleas. The rose garden contains many varieties and colors to delight the eye, and there are many smaller beds of hydrangeas, gladiolus, jonquils, dahlias and other flowers. Dogwood trees dot the landscape, in addition to several varieties of evergreens. Visitors always are welcome to inspect the modern filtration plant, and to enjoy the flowers in season.

Education

Fayetteville long has ranked high in the education world. One of the first graded schools in North Carolina was started here by Dr Alexander Graham, father of Dr. Frank P. Graham, and for whom the present Junior High School is named. The handsome new high school building is one of the finest in the state. Greater Fayetteville now has seven graded schools, one junior high school, and one senior high school for white children. There are three graded schools, one junior high school and one senior high school for Negroes. In addition the oldest state normal school for Negroes in the U. S. is located here. Founded in 1877, it has enjoyed phenomenal growth. It is now called the State Teachers College, and a four year Methodist College is to be opened for the Fall Term in 1960. Nearby are several other institutions of higher learning--Presbyterian Junior College, at Maxton; Flora MacDonald College, at Red Springs; Pineland College, at Salemburg, and Edwards Military Institute, at Salemburg.

Climate and Altitude

Mean annual temperature	67.7°	F.
Average annual low	44.9°	F. (January)
Average annual high	79.4°	F. (July)
Average annual rainfall	48.1	inches
Altitude above sea level	174	feet

Periods of extreme cold in winter (15° to 30° F.) and extreme heat in summer (88° to 98° F.) are of short duration. Riding and golf can be enjoyed the entire year due to the moderate climate. Numerous azalea and camellia gardens and wisteria decorate the community each spring, and Mother Nature is extravagant with the variety of colors each fall. Annual events of interest to visitors include the Camellia Show, the Flower Festival, the Fall Flower Show, a dog show (American Kennel Club-approved), and a dairy cattle show.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

LaFAYETTE MEMORIAL PARK

The "Garden Plan" of cemetery design is based on the sentiment that the final resting place of our loved ones should be one of quiet beauty. An inviting garden spot that breathes happy memories, and tells the story of Life, not death:

The faith which inspired the founders of Beautiful LaFayette Memorial Park has been justified by the public acceptance of this modern plan of burial estates. Hundreds of our local families are now part owners of this "Garden Spot".

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

MR. CITIZEN!

Correct Information Is Valuable To You!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. YOUR NAME, LISTED CORRECTLY IN THE CITY DIRECTORY, IS A GREAT ASSET. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

HILL'S
FAYETTEVILLE

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1959

INCLUDING BONNIE DOONE, DRAKE PARK, EAST FAYETTEVILLE, HONEYCUTT, LAKEDALE, LAFAYETTE VILLAGE, MASSEY HILL AND MYRTLE HILL

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)
